

Glass & Glazing: Opportunities are shining bright.

8 - 11 DECEMBER

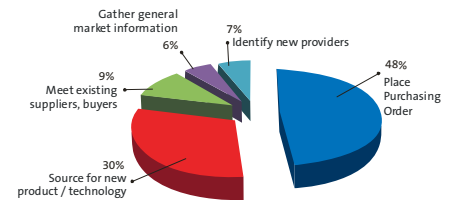

MMRDA Exhibition Centre, Bandra-Kurla Complex, Mumbai.

The 9th edition of Zak Glass Technology Expo was once again a highly successful show. It was held from December 8th – 11th, 2011 in Mumbai and proved itself as the barometer of the Indian glass industry. It was spread over an area of 30,000 square meters, with 220 participants representing 400 Indian & International brands across 22 countries. The four-day fair attracted 20,600 visitors from all over Indian and the neighboring SAARC countries. The show was inaugurated by Ar. Hafeez Contractor. The show represented finished products, accessories and the technology to produce & process glass.

- "Last edition our objective was to announce the incorporation of Benteler in India. This edition, brand establishment was the main focus. We are happy to achieve this goal through ZAK Glass Technology **Sameer Mohite, Sales Manager - Glass Processing, Benteler GmbH.**"
- "We at McCoy Group are happy with the great response of this year's show. For McCoy Soudal, 8M, Flyscreen & Glasspro this has been a wonderful event both in terms of branding as well as returns. We look forward to more fantastic editions in future."
Amit Malhotra, Managing Director, McCoy Group
- "We are extremely happy with the response of the show. The interesting part was that a lot of people from outside Mumbai visited the show which was unexpected and speaks volumes of the kind of brand Zak Glass Technology has become."
Rajiv Aggarwal, Vice President, Ozone Overseas Ltd.
